

Space – Black Team – 1991

A home is a place where we can feel free
There's a feeling of warmth, comfort and security
At home there are people who care, we have our family
In our homes we share a bond of love and loyalty

And Tamakwa is our home away from home
Where we'll never be a stranger and we'll ever be alone

Chorus:

Now I have a place that I can call my very own
A place where friendship grows
Tamakwa is a dreamy reality
Meet you anytime you want in our memories of South Tea

23rd Psalm, crossing arms, cheering in the dining hall
Smiling faces, welcoming trips, voyageur paddles and all
Robbie's Pt., Peace Pipe Rock, and cookouts must have been
Part of one man's vision – Unca Lou's dream (everyone)

And Tamakwa is our home away from home
Where we'll never be a stranger and we'll never be alone

Chorus
