

# FRANKENSTEIN - GREEN – COLOUR WAR SONG 2007

## **VERSE 1**

The day has come to say goodbye,  
Don't let me see those teary eyes.  
I'll climb aboard; I'll leave these shores,  
Remembering what it all was for.

## **VERSE 2**

A few more days at this place,  
Precious hours to see your face.  
Last few moments left with you,  
Reminds me that this bond is true.

## **CHORUS**

So sing a song with all your soul.  
Let the memories protect you from the cold.  
Though it may seem like I'm walking away,  
Just a circle, I'll be back another day.  
Another day.

## **VERSE 3**

Across the room I catch your glance,  
A flash of this summer romance.  
You roam the world in a different part,  
Always living in my heart.

## **CHORUS**

## **BRIDGE (x2)**

**Boys:** I'll be there with you.

**Girls:** You'll be there with me.

**Boys:** I'll be there with you

**Girls:** In every song I sing

## **CHORUS x 2**

# MUMMY – YELLOW - COLOUR WAR SONG 2007

(2 Bar Intro)

## VERSE 1

Bite your lip; make sure that you're not dreamin'  
Be **sure** of it, come with us and go swingin'  
Open your eyes, gaze at the night skies and see  
This is where we're **supposed** to be

(2 Bar Break)

Look around; take in what you're seein'  
Every sight and sound, forget about you leavin'  
Turn off the lights, talk for hours and hours on end  
I'm not afraid to call you my best friend

(1 Bar Break)

## PRE-CHORUS

Watch the whirlpool of your paddle stroke  
Let's sing, let's laugh, let's tell a joke  
I'll hoist the pack up on you now,  
And in the end we'll feel so ... proud.

## CHORUS

Enjoy the now  
While it's still a now  
And not a then  
Enjoy the end  
Before you start again

(2 Bar Break)

## VERSE 2

Remember when we all first arrived here  
It was way back then, what lay ahead was not so clear  
Little we knew of the bonds that would ever last  
It's amazing how it goes by so fast

(2 Bar Break)

Our older friends would talk about the future  
It scared us then, yet in time we knew that we were  
Ready for the world and the **challenges** we would face  
Life doesn't always move at your own pace

(1 Bar Break)

# WOLFMAN – BLUE – COLOUR WAR SONG 2007

Young and scared, first time away from home  
On Tamakwa's shores, you'll never be alone  
With open eyes, new beginnings we will find  
Indian summers always on our minds

That first jump, I was soaring free  
Our first kiss, it was meant to be  
Noonway's fire, a tapestry of light  
Star lit sky, illuminated night

## **CHORUS (regular)**

The northern lights  
Will guide you through the night  
A spirit lies within  
Summer sail away, but stay with me inside  
And I'll wait all year long for that next pointer ride

Summers filled with growth and unity  
Golden days, they will remain with me  
In the wind, your spirit it can run  
Singing loud, our voices they are one

Glistening sun, reflecting blue and green  
All we are, is part of one man's dream  
Strength and will, a children's village lives  
Love and hope, is all we have to give

## **CHORUS**

Senior year, the fires burning low  
Time to teach, a generation grows  
What I've learned, I'll never leave behind  
Our time here, it just can't be defined

Memories, pictures of me and you  
Timeless bonds will last the winter through  
Leaves turn gold, the skies a shade of grey  
Summer's warmth will never fade away

## **CHORUS #2**

The wolfman cries and howls into the night  
A spirit lies within  
Summer sail away, but stay with me inside  
And I'll wait all year long for that next pointer ride

## **CHORUS (regular)**

# DRACULA – RED - COLOUR WAR SONG 2007

## **VERSE**

Seeing this place  
For the first time  
A smile hides my tears inside  
Mixed emotions  
Begin to fade  
Open arms waiting there to guide

## **PRE-CHORUS**

Stars burn deep inside  
I see the fire within your eyes  
Count the days, 'til it's time  
When I return to the place I call mine

## **CHORUS**

Back in the city  
Lights are too blinding  
But it's with you that I feel most alive  
Unveil the curtain, show me who I've been  
These are the best days of my life

## **VERSE**

We're growing up, still staying young  
The truest friendship has just begun  
Don't have to speak, I know you hear  
You know my faults, you know my fears

Seeing your face, for the first time  
Only hoping that you see mine  
You come over, and hold my hand  
Lets me know that I'll be fine

## **PRE-CHORUS....CHORUS**

## **BRIDGE**

Cross your arms and take my hand  
A special bond we understand  
Come up close, whisper to me  
Dracula rules on South Tea

## **CHORUS**

## **VERSE**

Growing older, every summer  
Keeps getting harder to say goodbye  
Leaving this place  
For the last time  
Memories won't fade with time

## **CHORUS**
