

**France – Blue Team - 1992**

Crystal clear waters and miles to roam  
Gone from the city to my real home  
The quiet noise in the trees puts my mind at ease  
.....I've come home

*Chorus:*

I just want to be me  
I live to be free  
Bring me back again  
To my Tamakwa home  
To my Tamakwa home

For some it has been years of knowing  
For all it is a time of growing  
Crystal stars in the northern skies awake my senses  
.....Dazzle my eyes

*Bridge:*

Tamakwa history, Tamakwa places, Tamakwa memories  
Tamakwa singing, Tamakwa laughing, Tamakwa people

*Chorus*

It's not from ourselves that we learn to be better  
But from others, at a place like this together  
Remember the paddles, the cheers and the Tamakwa songs  
.....Friendships that bond

*Chorus*

Say goodbye for a year, as we float away  
No more services left, hello, hellos or silver days  
Sisters... brothers... cousins and friends  
.....We love this place

*Chorus*

*Bridge*

*Chorus*

## **Egypt – Yellow Team – 1992**

The mystery of Tamakwa lies deep inside our hearts  
The unknown warmth and love we feel is right here from the start  
The spirit that fills the air, creates the place we share  
Together we'll discover what's hidden in our hearts

### *Chorus:*

Take my hand (Take my hand)  
And together (Together)  
We'll fly

Let me be your new friend  
Let me be your light  
Let me paddle you through misty waters with my smile  
The magic of Tamakwa will help us see it through  
The mystery will unfold as I learn to live with you

The golden days of summer, the glistening of South Sea  
The shooting stars, the northern lights become reality  
We listen to a loon cry on a silver day  
And realize that all too soon the time will slip away  
Together we'll discover what's hidden in our hearts

### *Chorus*

Let me be your new friend  
Let me be your light  
Let me paddle you through misty waters with my smile  
The magic of Tamakwa will help us see it through  
The mystery will unfold as I learn to live with you

Tamakwa is in our hearts...  
Tamakwa is in our minds...

Our bags are packed and we reflect on the summer we've left behind  
We try to piece together the mysteries in our mind  
What brings us back together year after year  
The friends, the fun, the times we share, make it all so clear

### *Chorus*

Let me be your new friend  
And let me be your light  
Let me paddle you through misty waters with my smile  
The magic of Tamakwa will help us see it through  
The mystery will unfold as I learn to live with you

Tamakwa is in our hearts...  
Tamakwa is in our minds...

The magic of Tamakwa has helped us see it through  
The mystery did unfold as I learned to live with you
