

# Colour War Songs 2017

## **Red Team**

**Captains: Bella Pitman & Sam Wittenberg**

**Written by: Matthew August & Alaina Farber**

Rounding the bend, that we adore  
This is the day we've been waiting for  
Making new friends, with a smile on your face  
Greeting old ones in this magical place

(Pre-chorus)

I keep this place, so close to me  
Because in this place, I can be free

(Chorus)

To paddle on the lake  
And sail through the air  
Sing it out on stage  
And skate with great care  
Talk, laugh, hug, kiss  
With people old and new  
This is the place  
Where you can be you

(Interlude, 8 count)

Cheering your heart out, in the dining hall  
Bonding by the fire, till after night fall  
Jumping off the tower, feel the wind in your hair  
Emerging from the water for that first breath of air

(Pre-chorus)

(Chorus)

Last day of camp  
Tears rolling down my face  
My bags are all packed  
I'm leaving this place  
Back on the boat  
Rounding the bend  
Knowing someday  
I'll be back again

(Chorus x2)

This is the place where you can be you (x2)

## ***Green Team***

***Captains: Zach Kam & Dora Levite***

***Written by: Annie Silver, Lauren Pollak, Jessie Norris, Jonah Levite & Avi Teich***

Step on the shores and we're all together  
Ten months apart has felt like forever  
The first time cheering with my friends so close  
These are the things that I missed the most  
It's the little things that make the summer great  
It's all about every chance you take  
It's the cold lakes, the starry nights  
The trip returns, pointer rides  
Don't let go, just hold me tight  
'Cause soon enough we'll say goodbye

(Chorus)

Why see the world when you got South Tea  
I'll be there for you if you're there for me  
Every time I close my eyes it's what I see  
We're more than friends we are a family

Laugh about nothing talk about everything  
Going on trip can't forget what to bring  
As I paddle away there's a tear in my eye  
Tap lucky log and look up to the sky  
It's the little things that make the summer great  
It's all about every chance you take  
It's a golden day, we've paddled far  
Looking forward to chewy bars  
End of night, no cloud n sight  
Everything will be alright

(Chorus)

Back from trip I see my friends- Bayview pride and SEN  
The last night of camp sitting on the slope  
These are the things that I'll miss the most  
It's the little things that make the summer great  
It's all about every chance you take  
From Robbie's Point to Beaver Dock  
Hiking up to Peace Rock  
These memories we hold so dear  
Are reasons we come back each year

(Chorus x2)

## ***Yellow Team***

***Captains: Stacey Hirsch & Jacob Saltzman***

***Written by: Anna McKinney, Maddie Fink & Shayni Shecter***

That first long bus ride feeling scared and alone  
Little did I know, this place was my home  
Lucky that your bed was so close to mine  
Strangers turned family in so little time

A crisp jump at Robbie's with our hands held tight  
The view from the slope in the middle of the night  
Stepping outside of our old comfort zones  
We're never ready for us to go home

(Pre-chorus)

And when I'm at home, during the year  
I wonder what I'll do if I can't come back here

(Chorus)

They say we get older and may drift apart  
But when we're not here you're all in my heart  
And even when we last round the bend  
Just remember that you're my best friend

Body and mind we grow stronger, you see  
A brand new reflection in all of South Tea  
After so many days in our Grumman canoe  
I paddled so hard to get back to you

(Pre-chorus)

(Chorus)

Our last hug goodbye hope to see you once more  
But nothing compares to our time on the shores  
Years have passed by and I still feel the same  
Reliving old memories from our old camper days

(Chorus x2)

## ***Blue Team***

***Captains: Bailey Goldstein & Sam Hoffman***

No distance come between us  
No matter how many months have gone by  
Our friendship is everlasting  
Not a thing between you and I  
The countdown starts from the moment we depart  
I'll hold you closer, keep you in my heart  
I don't know when I'll see you again, but until then...

(Chorus)

Our memories that we make each day  
Will remind us of our home away  
We're on the shores and time stands still  
We're inseparable  
Like South Tea lake to midnight breaks  
Like canoe Bay and golden days  
Like fifteen-day spent time away  
We're inseparable

The tears, the smiles, the laughter  
All bring us back each year  
When we're on south tea together  
Our problems disappear  
The worst days here, still better than the best at home  
If you hold me near, I will never feel alone  
I don't know when I'll see you again, but until then...

(Chorus)

Just hold on, I'm coming back  
Just hold on, we're coming back  
Just hold on, I'm coming back  
Just hold on, we're coming home

(Chorus x2)

We're inseparable (x2)
